SOESD SUBSTITUTE HANDBOOK

Mission Statement

Southern Oregon Education Service District, as a responsible partner, provides services and leadership to optimize educational opportunities for the children, schools and communities it serves.

Purpose of the Handbook

Thank you for your interest in becoming a substitute for Southern Oregon Education Service District (SOESD) and our component school districts. Through your service, you have the opportunity to make a powerful and sustained impact on the lives of the youth in our community.

The purpose of the handbook is to provide information that will help with questions and pave the way for a successful year. Not all district policies and procedures are included in this handbook. This handbook is neither a contract nor a substitute for the official district policy manual. It is not intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to and a brief explanation of the district policies and procedures. District policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change.

Equal opportunity and treatment will be provided to all persons regardless of race, color, national origin, religion, sex, age, disability, marital status, or sexual orientation.
