

Radon Testing Results  
SOESD Medford Office  
101 North Grape Street  
Medford, OR 97501

Test results received February 7, 2019

On the following pages are the Radon test results for the SOESD Medford Office facility located at 101 North Grape Street, Medford, Oregon.

Samples tested provided results below the 4.0 pCi/L level threshold. Oregon Revised Statute 332.166-167 requires school districts and education service districts to test again every ten years. However, the SOESD Healthy and Safe Schools Plan has established a minimum cycle of testing every five years.

If there are questions on the test results please contact Daniel Weaver, Business Manager, Southern Oregon ESD at 541-776-8580 or by e-mail at [daniel\\_weaver@soesd.k12.or.us](mailto:daniel_weaver@soesd.k12.or.us).
