Adverse Childhood Experiences (ACEs) Awareness Training

Peter Buckley, Southern Oregon Success (SORS) Program Manager, explained the science behind the Adverse Childhood Experiences (ACEs) research study conducted by Kaiser Permanente and the Centers for Disease Control and Prevention. Mr. Buckley provided a PowerPoint presentation summarizing the study's findings and those of subsequent studies, of the association of childhood trauma with health, education, and social problems across an individual's lifetime and generations beyond. Community partners throughout Jackson and Josephine counties are receiving training in trauma-informed practices to decrease and prevent the negative effects of ACEs in our community. The following documents were distributed:

- Behavioral Health Resources for Adults
- Behavioral Health Resources for Children
- Follow Up Resources on ACEs and Resilience
