POLICY REVIEW AND REVISION

When revisions and/or additions occur during the fiscal year, they are posted, adopted, and become part of the policy collection on the date of Board adoption. The total collection is reviewed annually and revised if necessary.

The policies are posted on the SOESD website at: www.soesd.k12.or.us.

A printed copy of SOESD's Board Policies may be requested by contacting the Superintendent's Office at 541-776-8590.

POLICIES

DEFINITION BY NATIONAL SCHOOL BOARDS ASSOCIATION

Policies are principles adopted by the School Board to chart a course of action. They tell what is wanted; they may include why and how much. Policies should be broad enough to indicate a line of action to be followed by the administration in meeting a number of problems, narrow enough to give clear guidance. Policies are guides for action by the administration, who then sets rules and regulations to provide specific directions to school district personnel.

THE ESD

Authority

The authority of the Board of the Southern Oregon Education Service District and the purpose and basic functions of the District, are governed by the specifications outlined in the Oregon Revised Statutes, Chapter 334, and related Oregon Administrative Rules.

Goals and Functions of the Southern Oregon Education Service District

The purpose of Southern Oregon Education Service District (SOESD) is to assist school districts and the Department of Education in achieving Oregon's educational goals by providing equitable, high quality, cost effective, and locally responsive educational services at a regional level for the children, families, and communities we serve.

SERIES 1000

ORS 339.370 to 339.400

BOARD REGULATIONS

- 3441 **Reporting of Suspected Sexual Conduct with Students**
4441 SOESD employees will not engage in sexual conduct with students.

Definition

“Sexual conduct” as defined by Oregon law is any verbal, physical or other conduct by a school employee that is sexual in nature; directed toward any student receiving SOESD services, regardless of age or grade level; unreasonably interferes with a student’s educational performance; and creates an intimidating, hostile or offensive educational environment. This definition is meant to include the conduct described in ORS 339.370(9) as directed towards: a) all students described in ORS 339.370(9); b) students who are early childhood students; and c) all students who are participating in SOESD who are not eligible for a diploma or a modified diploma, regardless of age.

“Sexual conduct” includes but is not limited to:

1. Commenting on students’ bodies or appearance in a sexual manner;
2. Exchanging or giving gifts to or having communications with a student which have no educational purpose;

3. Showing pornographic or suggestive photographs or videos to a student;
4. Photographing a student in revealing or suggestive poses;
5. Sharing the employee's marital problems, sexual exploits or dating experiences with a student;
6. Going to a student's home when the student is home without adult supervision;
7. Using written communication and/or email, text messaging, twitter, and other forms of electronic communication to discuss sexual topics with a student; or
8. Making sexual jokes, gestures, innuendos, or engaging in other inappropriate banter with a student or students.

The definition for sexual conduct does not include behavior that would be considered child abuse as outlined by Oregon law and SOESD Board Policy 5500 – Personal Health and Safety.

3442
4442

Report/Investigation

Any SOESD employee who has reasonable cause to believe that another SOESD employee, school district employee or volunteer has engaged in sexual conduct with a student must immediately notify the SOESD Superintendent or designee and complete and submit a Sexual Conduct Complaint Form, as part of the report. This form is available in the SOESD superintendent's office.

When the superintendent or designee receives a report of suspected sexual conduct by a SOESD employee, the SOESD may decide to place the employee on paid administrative leave or in a position that does not involve direct, unsupervised contact with students while conducting an investigation. An investigation is a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the complainant, witnesses, the SOESD employee or student who is the subject of the report. If the subject of the report is a SOESD employee the investigation must meet any negotiated standards of an employment contract or agreement.

If, following the investigation, the report is substantiated, the SOESD will inform the employee that the report has been substantiated, provide information regarding the appeal process and will take appropriate disciplinary action up to and including discharge. A substantiated report is one that:

1. SOESD has reasonable cause to believe is founded based on the available evidence after conducting an investigation; and

2. Involves conduct that SOESD determines is sufficiently serious to be documented in the employee's personnel file.

3443
4443

Appeal Process

If, following the investigation, the report is substantiated, the district will inform the employee that the report has been substantiated and provide information regarding the appeal process.

If the employee decides not to appeal the determination or if the determination is sustained after an appeal, a record of the substantiated report will be placed in the employee's personnel file. The employee will be notified that this information may be disclosed to a potential employer.

The initiation of a report in good faith about suspected sexual conduct may not adversely affect any terms or conditions of employment or the work environment of the complainant. If a student initiates a report of suspected sexual conduct by a SOESD employee in good faith, the student will not be disciplined by the Board or any SOESD employee.

3444
4444

Posting/Training

The SOESD will post in each school building the name and contact information of the person designated to receive sexual conduct reports, as well as the procedures that person will follow upon receipt of a report. In the event that the designated person is the suspected perpetrator, the superintendent or designee shall receive the report. When SOESD takes action on the report the person who initiated the report will be notified.

The SOESD will provide annual training to SOESD employees, parent(s), legal guardians, and students, regarding the prevention and identification of sexual conduct. The SOESD will provide to employees at the time of hire a description of conduct that may constitute sexual conduct and a description of records subject to disclosure if a sexual conduct report is substantiated.

SOESD will follow hiring and reporting procedures as outlined in state law (currently ORS 339.374) for all SOESD employees.

5920 DIVERSITY, EQUITY, AND INCLUSION

Southern Oregon Education Service District is committed to equity and the success of each and every student. This commitment means we focus on attaining student outcomes that are not predicted by diversity such as race, ethnicity, economic status, mobility, language, country of origin, gender expression, sexual orientation, or disability.

Equity in education ensures inclusion and centers on social justice. Equity is not used interchangeably with principles of equality. The principle of equity goes beyond formal equality where all persons are treated the same. Instead, equity fosters an inclusive and barrier-free environment in which everyone will fully benefit.

The district will apply this principle of equity to all policies, programs, operations, practices and resource allocations where possible. All students will have access and opportunity to a high-quality education.

SOESD commits to the goals of:

- being an antiracist and multicultural organization.
- identifying and counteracting biased practices that perpetuate achievement disparities and lead to disproportionate levels of student success.
- using data, disaggregated by race, ethnicity, language, special education, gender, sexual orientation, socioeconomic background and mobility to inform district decision-making.
- incorporating the voice, culture and perspectives of students, staff, families and communities that reflect demographics to support and enhance student success.
- ensuring special education for students with disabilities is culturally sustaining and considers race and language.
- actively recruiting, hiring, and retaining qualified staff at all organizational levels that reflect student demographics.
- supporting employees to engage in culturally responsive practices and delivery of quality instruction and service.

BOARD REGULATIONS

5931 “Bias incident” means a person’s hostile expression of animus toward another person, relating to the other person’s perceived race, color, religion, gender identity, sexual orientation, disability or national origin, of which criminal investigation or prosecution is impossible or inappropriate. Bias incidents may include derogatory language or behavior directed at or about any of the preceding demographic groups.

5932 “Symbol of hate” means a symbol, image, or object that expresses animus on the basis of race, color, religion, gender identity, sexual orientation, disability or national origin including, the noose, swastika, or confederate flag¹, and whose display:

1. Is reasonably likely to cause a substantial disruption of or material interference with school activities; or
2. Is reasonably likely to interfere with the rights of students by denying them full access to the services, activities, and opportunities offered by a school.

5933 Southern Oregon ESD prohibits the use or display of any symbols of hate on ESD grounds or in any ESD- or school-sponsored program, service, school or activity that is funded in whole or in part by monies appropriated by the Oregon Legislative Assembly, except where used in teaching curriculum that is aligned to the Oregon State Standards.

¹ While commonly referred to as the “confederate flag,” the official name of the prohibited flag is the Battle Flag of the Armies of Northern Virginia.

- 5934 In responding to the use of any symbols of hate, Southern Oregon ESD will use non-disciplinary remedial action whenever appropriate.
- 5935 Southern Oregon ESD prohibits retaliation against an individual because that person has filed a charge, testified, assisted or participated in an investigation, proceeding or hearing; and further prohibits anyone from coercing, intimidating, threatening or interfering with an individual for exercising any rights guaranteed under state and federal law.

- 5937 Southern Oregon ESD will use the Bias Incident Complaint Procedure to process reports or complaints of bias incidents.

END OF POLICY

Bias Incident Complaint Procedure

The term “bias incident” is defined in policy. Persons impacted by a bias incident shall be defined broadly to include individuals at whom an incident was directed as well as students in the larger school community likely to be impacted by the incident.²

Step 1: When a staff member learns of a potential bias incident, the staff member will prioritize the safety and well-being of all persons impacted and report the incident to their supervisor and superintendent.

Step 2: The superintendent or designee shall acknowledge receipt of the complaint, and investigate any complaint of a bias incident. The superintendent or designee will recognize the experience of all persons impacted, acknowledge the impact, commit to taking immediate action, and prevent further harm against those persons impacted from taking place. Redirection procedures, if any, will include:

- Educational components that address the history and impact of hate;
- Procedural components to ensure the safety, healing, and agency of those impacted by hate;
- Accountability and transformation for people who cause harm; and
- Transformation of the conditions that perpetuated the harm.

The superintendent or designee must consider whether the behavior implicates other ESD policies or civil rights laws, and if so, respond accordingly.

The superintendent or designee will make a decision within 30 days of receiving the complaint.

All persons impacted will be provided with information relating to the investigation and the outcome of the investigation. At a minimum, the information provided must include:

- That an investigation has been initiated;
- When the investigation has been completed;
- The findings of the investigation and the final determination based on those findings; and
- Actions taken with the person or persons who committed the harassing behavior to remedy the behavior and prevent reoccurrence when the actions relate directly to a person impacted by the event.

If any of the above information cannot be shared, a citation to the law prohibiting release and an explanation of how that law applies to the current situation will be provided.

This decision will be the final decision for the district and board.

² The term “complainant” in this administrative regulation includes persons filing formal complaints and persons reporting bias incidents, regardless of whether the complainant is a victim. Similarly, the term “complaint” includes any report, information or complaint.

Complaints against an employee's supervisor or the superintendent's designee can be directed to the superintendent. Complaints against the superintendent or a Board member(s) can be directed to the Board Chair, and if against the Board Chair, to the Board Vice-Chair. Individuals reviewing the complaint will ensure that all requirements are met.

The complainant, if a person who resides in the ESD service area or a parent or guardian of a student who attends school in the ESD service area is not satisfied after exhausting local complaint procedures, the ESD fails to render a written decision within 30 days of submission of the complaint at any step or fails to resolve the complaint within 90 days of the initial filing of the complaint, may appeal³ the ESD's final decision to the Deputy Superintendent of Public Instruction under Oregon Administrative Rules (OAR) 581-002-0001 – 581-002-0023.

Complaints may also be filed directly with the U.S. Department of Education Office for Civil Rights.⁴

ESD administration will develop and implement instructional materials to ensure that all school employees and staff are made aware of this procedure and related practices. The materials will include reporting procedures, educational processes, and possible consequences.

When necessary, timelines may be adjusted by the ESD by communicating to all parties in writing. This communication must include a new timeline and an explanation of why the timeline must be adjusted.

³ An appeal must meet the criteria found in OAR 581-002-0005(1)(a).

⁴ Complaints must meet criteria as established by law. For more information, visit <http://www.ed.gov/about/offices/list/ocr/complaintintro.html>

8800 VOLUNTEERS

Citizens who voluntarily contribute their time and talents to the improvement and enrichment of ESD programs and services are valuable assets. The Board encourages constructive participation of groups and individuals to perform appropriate tasks outside regular hours under the direction and supervision of district personnel.

The administration is responsible for the recruitment, use, coordination and training of volunteers. These assignments will be carried out as directed or delegated by the superintendent. Every effort should be made to use volunteer resources in a manner which will ensure maximum contribution to the safety, welfare and educational growth of students.
