Mission Statement

Southern Oregon Education Service District, as a responsible partner, provides services and leadership to optimize educational opportunities for the children, schools and communities it serves.

Purpose of the Handbook

Thank you for your interest in becoming a substitute for Southern Oregon Education Service District (SOESD) and our component school districts. Through your service, you have the opportunity to make a powerful and sustained impact on the lives of the youth in our community.

The purpose of the handbook is to provide information that will help with questions and pave the way for a successful year. Not all district policies and procedures are included in this handbook. This handbook is neither a contract nor a promise of work. Substitutes are at-will employees of SOESD, and this handbook is not intended to alter the at-will status of non-contract employees in any way. This handbook is also not the official district policy manual. Rather, it is a guide to and a brief explanation of the district policies and procedures. District policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change.

Equal opportunity and treatment will be provided to all persons regardless of race, color, national origin, religion, sex, age, disability, marital status, or sexual orientation.

Preface

The material covered within this substitute handbook is intended as a method of communicating to substitutes regarding general district information, rules and regulations, and is not intended to either enlarge or diminish any Board policy, or administrative regulation. Material contained herein may, therefore, be superseded by such Board policy, administrative regulation, or changes in state or federal law.

Any information contained in this substitute handbook is subject to unilateral revision or elimination periodically without notice.

No information in this document shall be viewed as an offer, expressed or implied, or as a guarantee of any employment of any duration.

Equal employment opportunity and treatment shall be practiced by the district regardless of an individual's perceived or actual race, color, national or ethnic origin, religion, sex, sexual orientation, age, marital status, pregnancy, familial status, economic status, veterans' status, genetic information or mental or physical disability, if the employee, with or without reasonable accommodation, is able to perform the essential functions of the position.

The following staff have been designated to coordinate compliance with these legal requirements, including: Title VI, Title VII, Title IX, and other civil rights or discrimination issues; the Americans with Disabilities Act; Health Insurance Portability and Accountability Act (HIPPA); Section 504 of the Rehabilitation Act of 1973; and may be contacted at the district office for additional information and/or compliance issues:
